

KEITH JAMESON

TED IS BACK WITH 'KINGS'

SINCE joining Kingstonian at the start of this season, Ted Powell has taken them to fifth place in the Isthmian League—their best achievement for nine years. And tomorrow (Saturday) Powell brings his new look side to Loakes Park in a bid to avenge their 1-0 defeat by Wycombe in August.

Powell was with Wanderers for three seasons and played a prominent part in the two successive League titles. With over 30 England International caps, he is the country's leading amateur defender.

Leaving Wycombe last season, he has built up a formidable squad with Kings, after a shaky start to the season. Powell himself partners the red-haired Micky Preston at the heart of the defence, while another former Wanderer, Trevor Waughman leads the attack.

Waughman, who could never find a regular spot in the Wycombe line up, is the club's top scorer with 18 goals. With John Doyle, they are rapidly growing into an incisive spearhead. Other goalscorers this season are Nick Glover (10) and Dave Richardson (8). Ted Powell incidentally has hit the target once.

But although League success

has come their way, Kingstonian have found little joy in Cup competitions. Knocked out of the Amateur Cup 2-1 at Ilford, they also lost 2-1 to Southall in the London Charity.

There are no less than six changes in the possible line up from the side that lost 1-0 to Mick Holfield's goal on August 29. John Overton, the former Hayes 'keeper, will be hard to beat in goal while Dave Richardson provides the spark in midfield. Iain McLean, also at Wycombe for a time, has left the club.

The Wanderers squad was reduced to 15 this week when the club released midfield player Keith Jameson. Apparently Keith found the travelling too difficult. He signed on from Hendon in October, having played in the Hendon side which beat Wycombe in the Amateur Cup semi-final at Brentford.

However, Jameson never really fitted into the side and could not hold down a regular place. All in all he made 15 appearances for the Blues, scoring two goals.

Wanderers have only one doubt for tomorrow's game. Brian Langfield was in bed with 'flu in midweek and may not be fit in time but John Delaney and Derek Gamblin could well return to the side. Tony Horseman should also have recovered from his hand injury.
